Matches

All players should arrive at the club at least 20 minutes before the scheduled time of their first match on any given day and should report to the tournament desk as soon as they arrive. Please make sure you arrive on time for each match. If you are late, you may forfeit your match. All match times will be posted on the tournament notice board.

Refereeing

BOTH WINNERS AND LOSERS will be expected to help referee a match in the next round. Please report to the tournament desk as soon as your match is over. Once you have finished refereeing a match, bring the match sheet straight back to the tournament desk.

If any dispute arises in respect of refereeing, the decision of the tournament referee is final.

Protective Glasses and Injuries

All players are required to wear protective glasses at all times when they are on the court both when practicing and during matches, including the warm up. Players will not be allowed to compete without proper protective glasses. If a player in a match you are refereeing is not wearing glasses you should stop the match until he or she puts them on.

We all hope no one will get hurt but if a player does get injured during a match, the game will continue after a break of 3 minutes unless the injury is the fault of his or her opponent, in which case the player may take a break of up to one hour. If any dispute arises as to which rule applies, the decision of the tournament referee is final. If a player is unable to continue after the break, he or she will forfeit the match.

Disclaimer

The tournament organisers and the tournament referee cannot be held responsible for any injuries in the club, whether on or off the court, or outside the club. In particular, competitors are NOT allowed to use the fitness equipment or the sauna in the club.
